

"Deep down into the earth lies my home.
I wait for your visit to know me.

Take as many photos as you want,
so as not to forget me.

Don't hurt me. Don't damage me.
I have a past of millions of years.

Don't deprive of my future!"

For the visits in the caves of Samos the legal consent of the Ministry of Culture (Department of Paleoanthropology, Speleology of Northern Greece) is mandatory.
